Memorial Repairs

Following the annual visit by our Angels, we will advise you of any repairs or maintenance that may be required, which will be seen in the photograph we send to you. For example, this can include a leaning or damaged memorial, worn gilding or lettering or replacement stone chipping.

We will be happy to arrange for a local specialist and highly reputable monumental mason to provide a “no obligation” quotation for any work that may be required and arrange for the work to be carried out upon your request. Of course, we will send an additional photograph to make sure you are completely satisfied with the work.

Whether it's a Birthday, Anniversary or any other important date then our Angels will be happy to carry out a separate visit and place flowers or a special gift in remembrance. We aim to offer a very personal service, so please let us know if you have any special requests.

Photographic Record

To reassure you, we take a digital photograph following all visits and this is emailed to you to show you the work we have carried out. If you don't have email access, then don't worry, we will telephone you to confirm the work is completed and then post the photograph.

Grave Locating Service

If you are unsure of the location of your loved one's resting place then don't worry, we can locate the site for you for a small additional fee.

Seasonal Bulbs & Plants

To give a resting place a longer lasting period of colour throughout the year, our Angels can plant seasonal plants and bulbs of your choice. Please remember, you can have plants or bulbs planted at one or any number of visits (usually four seasonal) up to the maximum number of visits in your package.

Our planting service includes:

- **Optional bulb & plant combinations**
- **Spring, summer, autumn and winter variations**
- **Fresh fertiliser with the addition of water retaining crystals at every planting**
- **High quality plants sourced from local nurseries**
- **Your very own choice of plants and bulbs**
- **Digital photograph emailed or posted**
- **Free planting advice**

There are of course a wide range of both plants and bulbs to choose from and our website slideshow features some of our most popular choices. Also, a popular and practical choice is to have a combination of evergreen plants, such as heather, for all year round foliage together with seasonal plants, such as pansies for extra colour. We will of course discuss your specific requirements when tailoring your package.

Freshly Cut Flowers

At no extra cost flowers are placed by our Angels at every visit, up to the maximum number of visits in your package.

Our flower service includes:

- **Your very own choice of freshly cut flowers**
- **High quality flowers sourced through local florists**
- **Arrangement of flowers in holders**
- **Personal message card (optional)**
- **Digital photograph emailed or posted**
- **Free advice**

Our website slideshow features some of our most popular choices of flowers, however, if you have your own preference or a special request then just let us know.

Please bear in mind that exotic or unusual flowers can incur additional cost and that there may also be some variation in local availability of certain flowers. We will of course discuss your specific requirements when tailoring your package.
